On today's The Current, we look at why the COP31 climate talks in Turkey ended without an overall agreement, the divisions over fossil fuels and what happens next. We also explore how the University of Hong Kong's new student-led record label, M Records, aims to help emerging music creators across Asia develop their talent and reach wider audiences.

00:00 Intro
00:53 COP31 Climate Talks (Prof XU Yuan, CUHK, Kate JUNG, CarbonCare InnoLab COP31 Youth Delegate)
23:36 HKU's M Records (Prof Stacy HUANG, HKU, Janathan SERBIN, Pacific Music Group)
38:17 Ending
